To: *The Privitera Family & Mark One Electric*

Dear Joseph and family,

Frank and I, and all the members of the American Sons of Columbus, would like to thank you very much for all that you have done for this club!

You really went the extra mile on Friday, the 15th of July, when we experienced air conditioning problems. You quickly sent one of your service trucks to check out the problem and then called KCP&L for us. Without your help we would not have had air at the club until Monday or possibly even later. Your call made all the difference.

We would also like to thank your mother and father for the \$100.00 donation to the American Sons for the new bocce courts. Their continued support of the Club means a lot to us and we are very grateful to them.

Again, thank you so much for your help and support recently--and over the many years this club has been in operation. We could not maintain without the help of people like you and your very generous family.

Very sincerely,

Frank Pisciotta, President

Gino Corte, Treasurer
